Print the accuracy at convergence with different mini-batch sizes

kiissy committed 3 minutes ago

Print the loss at convergence with different mini-batch sizes

kiissy committed 4 minutes ago

Plot the training and testing accuracies with a batch size of 128

kiissy committed 12 minutes ago

Plot the training and testing losses with a batch size of 128

kiissy committed 14 minutes ago

Plot the training and testing accuracies with a batch size of 64

kiissy committed 1 hour ago

Plot the training and testing losses with a batch size of 64

kiissy committed 1 hour ago

accuracy, loss 저장 리스트 생성 및 요소 삽입

kiissy committed 1 hour ago

Plot the training and testing accuracies with a batch size of 32

kiissy committed 1 hour ago

Plot the training and testing losses with a batch size of 32

kiissy committed 1 hour ago

accuracy 함수 수정

kiissy committed 2 hours ago

test 부분 코드 수정

kiissy committed 3 hours ago

define calculate the accuracy and train the model

kiissy committed 3 hours ago

Dataloader를 이용한 MNIST datasets 로딩
